Take in the true fullness of life.

Whether it's listening to great music, having a passionate discussion amongst friends or simply lying back and enjoying the delicate sounds of nature, everything we hear enriches our lives and allows us to interact with our surroundings. And that's something no-one should miss out on. With Signia's Fun hearing aids, you don't have to. Whatever is going on around you, you can relax and enjoy even the finest details.

Great for every conversation, whoever it's with.

At home, whether it's quiet or the kids are running around.

A snug fit:

As a behind-the-ear or BTE model, Fun sits comfortably behind the ear providing you with the optimum amplification to hear what is really important.

Discover Fun hearing aids:

The new Fun.

Raising the bar for great hearing.

The optimal solution for people with higher amplification needs, the new Fun hearing aids combine high power with outstanding comfort so you can relax and hear clearly all day long. Available in two behind-the-ear models depending on the level of hearing loss, Fun hearing aids are easy to adjust via the handy rocker switch so you can fine-tune the volume in every hearing situation to be just perfect for you.

Fun P

Colors:

Fun is available in three discreet colors so it is almost unnoticeable behind your ear.

Beige

Grey

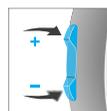

Deep Brown

UNDERSTAND CONVERSATION

- 1 Focus on what is really important.**
Fun's microphone picks up and amplifies the sound so you can fully concentrate on your talks, chats and conversations, not on hearing.

EASY HANDLING

- 2 All options at your fingertips.**
Conveniently positioned and easy to use, the rocker switch lets you adjust the volume of your hearing aids quickly and simply for complete comfort.

Fun P

Fun SP

SOUND TRANSMISSION

- 3 Your powerful connection to life.**
Ideal for wearers with severe hearing loss, the transparent earhook provides a high level of amplification. The combination of the tube, whose length can be trimmed to fit you precisely, and a range of super-soft, gentle tips in different sizes that offer the perfect solution for you make Fun highly comfortable to wear.

COMPLETE PROTECTION

- 4 Rugged, robust and reliable.**
Fun's housings are trialed and tested in the most challenging environments and are resistant to moisture, sweat, dust and dirt to keep out the rigors of everyday life.

DESIGNED FOR OPTIMUM FIT

- 5 A delight in wearing and handling comfort.**
Fun instruments are easy to put on. Thanks to the ergonomic shape of their housings, they provide a highly comfortable fit behind your ears.

Your hearing aid fitter will help you decide which hearing aid is the right one for you, depending on your hearing loss and personal requirements.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice.
